BETTER THAN GOLD!

PORTSMOUTH, July 9, 1861.
Mr. J. E. Boush-Dear Sir: I feel it a duty to make known the benefit I have derived from Dr. Hampton's VEGETABLE TINCTURE. For a number of years 1 suffered from disease, but to a greater degree for the last three years. One of the forms of my disease was dyspepsia. From this dreadful malady I suffered to such an extent that life was really a burden. The attack of it on me was different to that on any other person of whom I have heard; at times it was like the palpitation of the heart; there was a constant thumping and beating without intermission about the region of my heart, chest, and stomach; some of the attacks would last for weeks; my stomach was much distended, with constant pain, great weakness, and constipation of the bowels. I could not eat the most simple food without pain. I also suffered greatly from disease of the kidneys, with constant pain

eat the most simple food without pain. I also suffered greatly from disease of the kidneys, with constant pain in the back, that I could walk only with great difficulty. I tried nearly all of the most celebrated patent medicines of the day, but found no relief. I had also the best medical attendance. One of my physicians frankly toid me it was of no use for me to be paying him for advice, as he could do me no good. I gave up almost in despair, and thought my disease certainly incurable.

At this juncture I heard of Hampton's Vegetable Tineture. I refused to give it a trial, although persuaded by my friends, until my son purchased a few bottles, and a most happy effect on me; my confidence increased, and after taking three bottles, my dyspepsia, or disease of the stomach, was nearly if not entirely cured. I now feel myself a new man, and in better health than for years. I am certain the cure in my case was made by this Hampton's Vegetable Tincture alone. Since my cure I have recommended the tincture to a number of my friends, who have also been relieved by it. Some of the cures have been as rapid and equally wonderful as mine.

I present my respects to Mesars, Mortlimer & Mowbray, the proprietors of this valuable medicine, and say to them its value is above price; and from my cure, and what I have seen of its effects on others, I shall ever feel it my duty to recommend it to the suffering. I have no doubt many valuable lives will be prolonged by its use. I hope the afflicted will cast aside their prejudices and give it a trial. Yours most respectfully,

(Signed)

trial. Yours most respectfully, (Signed)

The above is extracted from a letter from a gentleman sixty years of age, and of high character. He says: "I have given but a faint idea of my sufferings: I feel inadequate to the task." We also have received, in the last few days, letters from two of our most worthy and well-known citizens, giving two remarkable cures of spinal disease. But yesterday one of the oldest merchants reported that he was cured of neuralgia of the head, of years standing, and so bad that his teeth fell out from its effects. Call and see letters. Was there ever so many cures, wonderful cures, made by any other medicine. All we ask of the afflicted is that they try Hampton's Vegetable Tincture, the great purifier of the blood and cure for all chronic diseases, as dyspepsia, rheumatism, scrofula, and all complaints of the stomach, bowds, &c.

VEGETABLE TINCTURE:

Bannone, July 18, 1851.

Mesers. Mortimer & Mowbray:—Gentlemen: My daughter having been sifficted for more than a year with the
spinal disease, and having tried every remedy that was
prescribed by some of our best physicians, without affording her any apparent relief, I fortunately was advised
by a friend to try a bottle of "Dr. Hampton's Vegetable
Tincture," which relieved her of her pain in less than
twenty-four hours. I am pleased to say that since she
took it she has been free from pain, and she is gradually
gaining strength, which I attribute entirely to the restorative properties of this medicine. I believe if it were
more extensively used, it would do more good in the romoval of such diseases incident to the human family than
what is usually prescribed.

BLACKWOOD'S MAGAZINE,

AND THE

BRITISH QUARTERLY REVIEWS.

WING to the lat- revolutions and counter-revolutions among the nadons of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the teading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

The European Quarterly Review,

THE LONDON QUARTERLY REVIEW,
THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, and

Mr. Robert Scars—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and an quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans. to follow your plans.

This well known and extensive establishment invites Merchants, Manufacturers, and Bankers, to an investigation of its system, and gratuitous test of its records of the standing and responsibility citraders in the U. States.

Our increased patronage has enabled us, during the past year, to open offices in Cincinnatt, Louisville, St. Louis, and New Orleans; these, in connection with our long established offices in Boston, New York, and Islitimore, enable us to offer facilities and advantages which time and experience alone could accumulate, and which we believe are unequalled.

We are prepared to make collections in any of the States, Territories, Canada, England, Ireland, Scotland, France, Germany, and in any commercial port of the world, and will pay particular attention to old and doubtful debts, in the collection of which class we have extraordinary facilities, and have been unusually successful.
